

ITL 2026 Rules

Rules generally as Notts Fed with the following additions.

Each match to be 16 ends. Home team will have the Jack on the first end.

Start time : Weeks 1-12 6:30pm : Weeks 13-15 6:15pm : Weeks 16-18 6:00 pm.

Substitutes (from your own squad) are allowed to be made at any time after an end is completed. Players who are substituted are not allowed to rejoin the current match.

The two teams highlighted on the fixture list will be responsible for opening up the green (30 minutes before the start time (see above) and setting up the rinks, or, making sure everything is put away and locking up after the match. Blue -opening up / Pink – Locking up

CAPTAINS AND SKIPS SHOULD FAMILIERISE THEMSELVES WITH THIS PROCEEDURE PRIOR TO THE MATCH.

Whilst these teams are ultimately responsible it is hoped other members will assist setting up and clearing away.

Rinks to be numbered (in either direction) 1-5, with number 1 being at the corner of the green edged by the clubhouse and the gate.

Should the green direction shown on the fixture list have been used by the Thursday Afternoon League team then the direction for the ITL will be changed.

Both skips (from each rink) are to be responsible for entering their match scores on the “master scoresheet” (which I will supply) at the end of their match.

Any team who will be short of 3 players may make use a reserve from the list. Captains should contact Jill Murray, who has kindly agreed to manage the reserve list, who will allocate a reserve. The reserve should then be contacted by the team captain.

Organiser’s decision (mine) is final.
